San Antonio, TX 78229-3900

Dear Ms. Morrill,

On behalf of Universal American, we are delighted to make a contribution to the University of Texas Health Science Center San Antonio to the endowment of the *James L. Holly Distinguished Professorship in Patient-Center Medical Home*. We are making a total contribution of \$100,000 in honor of Dr. Holly. Enclosed is an initial check for \$50,000, and we are pledging the remaining amount by July 1, 2012.

Our organization works with thousands of physicians across the United States. Further, we collaborate with dozens of physician leaders who dedicate themselves to organizing outstanding patient care by seeking new and innovative ways to improve the entire patient care process. We are very fortunate to work with some of the very best physician leaders in the country.

That said, Dr. Holly is in a league by himself. His energy, passion, and unrelenting commitment to improving quality of care is without equal in my experience. He drives positive change within his practice and community, implements value-added technology to improve clinical outcomes, reads and writes prolifically regarding clinical and public health issues and generously shares what he has learned with all interested parties across the United States. Under Dr. Holly's leadership, Southeast Texas Medical Associates has been honored countless times for their innovation, technology and services to the community. By far, however, their greatest accomplishment is the care and quality that each SETMA patient receives. They are the real beneficiaries of this extraordinary physician practice.

For all these reasons, it is a real pleasure to support the endowment for the new James L. Holly Distinguished Professorship at the UT Health Science Center San Antonio.

Sincerely,

Theodore M. Carpenter Jr.
President Universal American, MA Division
